

## Why The Cahaba

The Cahaba River is:

- The primary water source for 1/4 of Alabama citizens
- Recognized worldwide for its biodiversity
- A recreational destination for families and outdoor enthusiasts

## How You Can Help

### Get Connected

@cahabariverkeeper

@cahabariverkeeper

@CahabaRiverkeep

### Volunteer

We depend on volunteers to fulfill our mission to protect the Cahaba watershed.

To learn how you or your organization can help, visit our website.

### Donate

Your membership helps defend OUR river for future generations.

Invest in our work by becoming a member today.

We are a 501(c)3 organization.

## Who We Are

Since our inception in 2009, we have worked to:

- Defend the ecological integrity of the Cahaba River and its watershed
- Ensure clean water and a healthy aquatic environment
- Preserve the recreational and aesthetic values of the river basin

## Why We're Different

We are unique from other organizations because we:

- Collect current, *evidence-based data* from the river
- Focus on the *scientific* study of the physical and aesthetic properties of the Cahaba
- Keep the public *informed* about the health of the watershed

## What We Do

### Research

We collect reliable scientific data to monitor the health of the Cahaba watershed.

### Advocate

We are YOUR voice to hold polluters accountable and ensure a reasonable balance between development along the river and preservation of this precious resource.

### Patrol

We proactively patrol the Cahaba watershed to identify problems and respond to citizen complaints.

### Educate

We visit with schools, community groups, and businesses to inform the public of the challenges facing our river.
